Multifunction Color

Environmental Features & Customer Benefits

DUPLEXING

Printing and copying on both sides of the paper, cuts paper bills in half, saving trees.

POLYMERIZED NEW PXP™ TONERS

Provides more vivid colors and smoother gradations for improved photographic reproduction. Uses much less temperature/heat energy, contributing to shorter recovery times from energy saving modes while saving energy.

DO NOT PRINT BLANK PAGES

Reduce paper waste by eliminating the printing of blank pages within a document.

SLEEP MODE TIMER

Sets the amount of time the machine waits before switching to Sleep Mode. The machine is not turned off completely.

ENERGY STAR* CERTIFIED

Certification that the US EPA recognizes the device as energy efficient in design and specification. ENERGY STAR certified products contribute to a more energy-efficient world and help keep your running costs affordable.

Environmental Features & Customer Benefits ELECTRONIC PRODUCT ENVIRONMENTAL ASSESSMENT TOOL (EPEAT)* EPEAT is a comprehensive procurement program. This rating program includes energy efficiency, take-back programs for equipment, packaging and consumables, reduction/elimination of environmentally sensitive substances and other important environmental attributes.							
IMAGING EQUIPMENT RECYCLING PROGRAM We offer customers convenient recycling options for end-of-life imaging equipment.							
INFORMATION SCREEN - ECO-FRIENDLY WIDGET Screen helps increase awareness on impact each user has on the environment as a function of the amount and type of jobs they produce. The screen also displays the amount of paper saved by using the duplex and combine printing functions.							
LOCKED PRINT Reduce paper waste by only printing documents released by the user with a password at the machine. This also ensures confidential documents are kept safe.							
HUMAN DETECTION SENSOR Allows SOP to respond to user input quickly (1 sec).							
COMBINE COPYING Printing or copying multiple pages of a document onto one page saves paper.							
WEEKLY TIMER System can be turned on or off at specified times allowing customers to match system availability and power consumption to their work schedule to reduce costs.

Environmental Features & Customer Benefits QUICK START UP Fast warm up and recovery times, speeding job queues and maximizing customer satisfaction while saving energy. 	⊘	●	⊘	●	●	●	⊘
COMPATIBLE WITH RECYCLED PAPER Ability to work with paper with higher recycled content which reduces environmental impact. 	●	●	●	●	●	●	●
ROHS COMPLIANT Ricoh products comply with the RoHS (Restriction of Hazardous Substances) directive that bans the use of certain substances in electrical and electronic equipment products. 	●	●	●	●	●	●	●
SAMPLE PRINT Outputs a single set before committing the system to a lengthy print job that could result in waste. If the sample set is acceptable, the user can release the balance of the print job; if changes are required the job can be modified or deleted. 	⊘	●	●	●	●	●	●
STAPLE-FREE STAPLING Bind up to five sheets of paper with no staples using our unique Staple-free Stapling option. This unique technology helps lower supply costs, free up document storage space and expedite future paper shredding needs. 	⊘	⊘	⊘	○	○	○	⊘
CONSUMABLES TAKE-BACK PROGRAM Lanier branded toner containers and cartridges can be returned to us for environmentally friendly recycling. See www.ricoh-usa.com/recycling for details. 	●	●	●	●	●	●	●
TONER SAVING Toner Saving is an effective way to reduce printing costs with less toner than usual. This is convenient when printouts are needed for internal viewing. 	●	●	●	●	●	●	●
